INTRODUCTION

COMPANY MISSION

Our mission at MM Group is to perform for our customer the highest level of quality service at fair market competitive price to ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all area including timeliness, attention to detail and service minded attitudes. To maintain the highest level of professionalism, integrity, honesty, fairness in our relationship with our suppliers, sub-contractors, professional associates and customers.

COMPANY VISION

To be the Bangladesh's leading and diversified business group that helps to build our communities.

CORE VALUE

At MM Group we set ourselves apart from our competitions by the way we treat our employees, clients, community and others we do business with.

Our Company is built on and operates by the following core values.

- **Integrity, Honesty & Trust**

For a group of company a solid reputation is essential. We keep our promises and our commitments. We work hard to maintain high ethical standards and do what is right.

- **Commitment to Quality and Safety**

We are committed to quality of the project and continuously try to make a safe working environment.

- **Teamwork and Respect**

We value each other. Professionalism is expected at all times. We will endeavor to create positive working environment where mutual respect and dignity is way of life.

- **Passion**

We strive to continuously improve everyday by everyone in everything we do. Employees of MM Group constantly seek new opportunities to learn, to teach to improve. MM Group expects to be profitable. We all contribute to the financial well being of our business through value added work, controlling cost, working smart and driving sales.

SPEECH OF CHAIRMAN

We at MM Group have a long history in the world of Construction that extends to more than 25 years in this field. We started as a family business in 1990 and throughout the years with the challenges came across; we have managed to be among the pioneers in the Construction business across our main market – in Bangladesh. MM Builders and Engineers Ltd is considered one of the top ten Construction company in Bangladesh. We believe that the key factor for our success is our clear mission and vision that we are highly committed to. Of course, this goes along with our unique and tailored construction solutions that we are offering to our customers through our highly skilled team which we are proud of. MM Group also engaged in the business sector of Energy, Dredging, Gas Station, Toll Plaza, Restaurant in USA and Sweden. Our customers do not see us as a Builder of Roads and Highways provider, yet we're considered as their strategic partners in every step across the way of establishing reliable and safe Roads and Highway builders that fulfill their needs.

SPEECH OF MANAGING DIRECTOR

At MM Group, we believe that our business must touch the lives of people meaningfully. We have been serving as a trusted infrastructure partner of Bangladesh Government Roads and Highways for nearly two decades now. Today with six companies under the MM Group umbrella we have evolved as a multinational and diversified business entity. We have executed projects worth over US \$ 1 billion in last 5 years. In 2016 our expected turnover will exceed \$ 100 Million. But our real strength comes from our commitment to the society. We believe in growing our business while enhancing the lives of people everywhere we operate. Our activities span construction and infrastructure, real estate, hotel and restaurants in the country and abroad. Some of the most demanding customers choose to work with us. Government & Multinational companies rely on us to deliver projects on time and to stringent quality specifications. Our success is founded on a very simple philosophy. We honor our commitment to all of our stakeholders and make a significant contribution to the communities & countries that we serve. We want to change peoples' lives for the better by providing them opportunities and by creating an environment that drives efficiency & productivity. I welcome you to be a part of our journey.

AIM OF COMPANY

Mission:

We ensure quality, Reliability and continuous up-gradation of technology thereby enhancing the value of all (its) stakeholders.

Values:

We expect all our employees to internalize and uphold the Values in the way we conduct our business every day, every way.

Integrity:

We will conduct our business in an open, honest and ethical manner. We will be fair and transparent in all our dealings with our customers, business partners, associates and with each other as fellow employees. Towards this, we will adopt the highest standards of professional code of ethics and personal behaviors.

Customer Satisfaction:

Customers are the central to our existence. We will measure our success by that of our Customers and will always be driven by the highest sense of quality and spirit that stands for service and delivery. Our motive is to surpass customer expectations consistently by understanding their needs and personal behaviors.

Work Culture:

We will be caring, respectful, compassionate and humane to all our colleagues and customers around the country. We will create a high standard of global mind-set that will help us to grow and develop our employees by providing a performance driven culture that will encourage career growth and personal fulfillment. We will work together to foster a work culture that revolves around total teamwork and collaboration that brings out the best in every one of us.

Innovation:

Our goal is to be a trendsetter in all of our businesses. In our company change has always been driven by continuous innovation in our businesses, products and processes. We are committed to ideas, views and innovative growth through our personal passion, reinforced by a professional mind-set and by imbibing the Values we represent. We are upgrading our all working capacity as per global digitalization modern system.

Safety, Health and Environment:

We are very much care for the environment, health and safety of every employee, the community we serve in and the society at large. We will create a safe working environment by strict adherence to our stringent Health, Safety and Environment Policies and also be compliant to all the relevant laws of the land. We will demonstrate the highest standards of excellence in health, safety and environmental protection for our employees, customers and communities in which we operate.

Social Commitment:

We will be committed to our Corporate Social Responsibilities. We will help to enrich the quality of life of the communities we serve and supports programs and partnerships that address community specific needs. We will make a positive impact to the planet by striving to become committed corporate citizens and sensitive to the communities, countries and environments that we serve.
